Dear Mr. Pettinato,

Thank you for contacting me to voice your concerns about President Trump's recently released tax reform proposal. I value your perspective and appreciate the opportunity to respond.

Having spent 28 years in the private sector, I know firsthand our tax policy punishes hard working taxpayers and discourages innovation and job creation. I believe our tax code is far too complex and contains numerous loopholes that need to be closed. I also believe that having seven marginal tax rates is unnecessary and undermines job creation and economic growth. President Trump's recently released proposal to lower taxes, simplify the code, and address loopholes seeks to address these concerns. The President's blueprint will influence ongoing conversations in Congress to enact tax reform, though ultimately members of the Senate and House of Representatives will craft a detailed plan. While I am not a member of the Senate Finance Committee, please be assured I will keep your concerns in mind as the Senate considers tax reform legislation.

Again, thanks for contacting me. It is my number one priority in the Senate to represent the values and interests of the people of Montana, and your input is very helpful as I do. I invite you to visit my website, www.daines.senate.gov, for updates about activities in Washington that affect our lives in Montana or to contact me. I look forward to hearing from you again in the future.

Sincerely,

Steve Daines
